DETAILED ACTION

Response to Amendment

The amendments and arguments filed on 11/22/05 have been fully considered, the prior finality of claims under 35 USC 102 is hereby withdrawn. The amendments filed therein have been entered.

Claims 5-11, 16-20, 23, 24, 27, 29, 31, 32, 34, and 35 are allowed.

The following is an examiner's statement of reasons for allowance: The application is allowable for the reason set forth in applicant's arguments. As noted therein, and as argued on pages 9 and 10, the Simpson reference at least fails to teach or suggests the roller comprises elliptical members having an interior engagement surface wherein the interior engagement surface of the roller travels along a circumference of the roller axle as being recited in claim 16; the Simpson reference also does not show the plurality expandable discs recited in claim 17. The Simpson reference also fails to teach the type of stepped profile roller expander recited in claims 27 and 29.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
